

HUBER definition „stationary traffic“-„moving traffic“

(1) Manhole covers for stationary traffic are installed:

- In unpaved areas
- On parking sites
- In parking garages
- On patrol stations
- In pedestrian zones
- In traffic calmed areas
- In commercial buildings

(2) Manhole covers for moving traffic (400 kN) are required for all other areas.

In case of doubt, use the version for moving traffic (400 kN).
